That was the dire forecast of Hillsdale College's longtime History Professor John Willson, after reading M. Stanton Evans' epic *Blacklisted by History: The Untold Story of Senator Joe McCarthy and...*

Argues that, despite efforts to characterize Senator Joseph McCarthy as a demagogue who invented a bogus "Red Scare," his assertion that Communist agents had penetrated the U.S. government was correct, in a study that refutes the myths that have demonized McCarthy.

Read Free Blacklisted By History The Untold Story Of

Accused of creating a bogus Red Scare and smearing countless innocent victims in a five-year reign of terror, Senator Joseph McCarthy is universally remembered as a demagogue, a bully, and a liar. History has judged him such a loathsome figure that even today, a half century after his death, his name remains synonymous with witch hunts. But that conventional image is all wrong, as veteran journalist and author M. Stanton Evans reveals in this groundbreaking book. The long-awaited *Blacklisted by History*, based on six years of intensive research, dismantles the myths surrounding Joe McCarthy and his campaign to unmask Communists, Soviet agents, and flagrant loyalty risks working within the U.S. government. Evans's revelations completely overturn our

Understanding of McCarthy, And
McCarthyism, and the Cold War.
Drawing on primary sources—including never-before-published government records and FBI files, as well as recent research gleaned from Soviet archives and intercepted transmissions between Moscow spymasters and their agents in the United States—Evans presents irrefutable evidence of a relentless Communist drive to penetrate our government, influence its policies, and steal its secrets. Most shocking of all, he shows that U.S. officials supposedly guarding against this danger not only let it happen but actively covered up the penetration. All of this was precisely as Joe McCarthy contended. Blacklisted by History shows, for instance, that the FBI knew as early as 1942 that J. Robert

Oppenheimer, the director of the atomic bomb project, had been identified by Communist leaders as a party member; that high-level U.S. officials were warned that Alger Hiss was a Soviet spy almost a decade before the Hiss case became a public scandal; that a cabal of White House, Justice Department, and State Department officials lied about and covered up the Amerasia spy case; and that the State Department had been heavily penetrated by Communists and Soviet agents before McCarthy came on the scene. Evans also shows that practically everything we've been told about McCarthy is false, including conventional treatment of the famous 1950 speech at Wheeling, West Virginia, that launched the McCarthy era ("I have here in my hand . . ."), the Senate hearings that

Read Free Blacklisted By History The Untold Story Of

casually dismissed his charges, the matter of leading McCarthy suspect Owen Lattimore, the Annie Lee Moss case, the Army-McCarthy hearings, and much more. In the end, Senator McCarthy was censured by his colleagues and condemned by the press and historians. But as Evans writes, "The real Joe McCarthy has vanished into the mists of fable and recycled error, so that it takes the equivalent of a dragnet search to find him." Blacklisted by History provides the first accurate account of what McCarthy did and, more broadly, what happened to America during the Cold War. It is a revealing exposé of the forces that distorted our national policy in that conflict and our understanding of its history since.

Read Free Blacklisted By History The Untold Story Of Senator Joe Mccarthy And

Few politicians in our history have had the emotional impact of Joe McCarthy and acclaimed historian David

Oshinsky's chronicling of his life has been called both "nuanced" and "masterful." Here, David Oshinsky presents us with a work heralded as the finest account available of Joe McCarthy's colorful career. With a storyteller's eye for the dramatic and presentation of fact, and insightful interpretation of human complexity, Oshinsky uncovers the layers of myth to show the true McCarthy. His book reveals the senator from his humble beginnings as a hardworking Irish farmer's son in Wisconsin to his glory days as the architect of America's Cold War crusade against domestic subversion; a man whose advice if heeded, some believe, might have

Read Free Blacklisted By History The Untold Story Of

halted the spread of Communism in Southeast Asia and beyond. A Conspiracy So Immense reveals the internal and external forces that launched McCarthy on this political career, carried him to national prominence, and finally triggered his decline and fall. More than the life of an intensely—even pathologically—ambitious man however, this book is a fascinating portrait of America in the grip of Cold War fear, anger, suspicion, and betrayal. Complete with a new foreword, A Conspiracy So Immense will continue to keep in the spotlight this historical figure—a man who worked so hard to prosecute “criminals” whose ideals work against that of his—for America.

A primary source examination of the

infiltration of Stalin's Soviet intelligence network by members of the American government during World War II reveals the dictator's dubious partnerships with such top-level figures as Vice President Henry Wallace and chief advisor Harry Hopkins. Co-written by the author of Blacklisted by History.

A re-interpretation of one of the most hated figures in American history shows that many of McCarthy's general suspicions about security risks and communist infiltration did have a basis in truth.

In The Death of the Grown-Up, Diana West diagnosed the demise of Western civilization by looking at its chief symptom: our inability to become adults who render judgments of right

Read Free Blacklisted By History The Untold Story Of

and wrong. In *American Betrayal*, West digs deeper to discover the root of this malaise and uncovers a body of lies that Americans have been led to regard as the near-sacred history of World War II and its Cold War aftermath. Part real-life thriller, part national tragedy, *American Betrayal* lights up the massive, Moscow-directed penetration of America's most hallowed halls of power, revealing not just the familiar struggle between Communism and the Free World, but the hidden war between those wishing to conceal the truth and those trying to expose the increasingly official web of lies. *American Betrayal* is America's lost history, a chronicle that pits Franklin Delano Roosevelt, Harry Truman, Dwight David Eisenhower, and other American icons who shielded overlapping Communist

Read Free Blacklisted By History The Untold Story Of

conspiracies against the investigators, politicians, defectors, and others (including Senator Joseph McCarthy) who tried to tell the American people the truth. American Betrayal shatters the approved histories of an era that begins with FDR's first inauguration, when "happy days" are supposed to be here again, and ends when we "win" the Cold War. It is here, amid the rubble, where Diana West focuses on the World War II--Cold War deal with the devil in which America surrendered her principles in exchange for a series of Big Lies whose preservation soon became the basis of our leaders' own self-preservation. It was this moral surrender to deception and self-deception, West argues, that sent us down the long road to moral relativism, "political correctness," and other cultural ills that have left us unable to

Read Free Blacklisted By History The Untold Story Of

ask the hard questions: Does our silence on the crimes of Communism explain our silence on the totalitarianism of Islam? Is Uncle Sam once again betraying America? In *American Betrayal*, Diana West shakes the historical record to bring down a new understanding of our past, our present, and how we have become a nation unable to know truth from lies.

"The definitive job, and I can't imagine what else there is to say about him."—Walter Lippman "This is an appraisal without apology. If its judgments are uncompromising, they are also given without rancor, indeed with an air of almost sympathetic curiosity about the phenomenon that was McCarthy. . . . It is no surprise that [Rovere's] book is a vividly written, sophisticated recreation of a political

Read Free Blacklisted By History The Untold Story Of episode whose manic qualities already begin to seem unbelievable."—Anthony Lewis M Stanton Evans

This engrossing tale of intrigue, passion, betrayal, and violence uncovers the true face of communism in Southern California, and names writers and actresses who were seduced by the party's philosophy.

The Director of the Federal Bureau of Investigation explains the startling facts about the major menace of our time, communism: what it is, how it works, what its aims are, the real dangers it poses, and what loyal American citizens must know to protect their freedom. **MASTERS OF DECEIT** is a powerful and informative book—a firsthand account of American communism from its beginnings to the

Read Free Blacklisted By History The Untold Story Of

present, written by a man more intimately familiar with the complete story than any other American. Mr. Hoover shows the day-to-day operations of the Communist Party, USA: who the communists are, what they claim, why people become communists and why some break away. He describes life within the Party, communist strategy and tactics, methods of mass agitation and underground infiltration, espionage, sabotage, and its treatment of minorities. The picture of what life in this country would be under communism (toward which thousands of misguided Americans actually are working now!) is vivid and shocking. The forceful, driving message of this book is clarified with many incidents and anecdotes, definitions of communist terms, key dates, and a list

Read Free Blacklisted By History The Untold Story Of
of international communist organizations and publications which illustrate the communist Trojan horse in action. And it concretely outlines just what you can do now to combat the evils of the “false religion” of communism, so that you can stay free. **MASTERS OF DECEIT** is one of the most important books of our time—a warning of the clear and present danger to our way of life.
