This is the teachers edition of the textbook of the same name. It consists of 15 4-page units, that deal with the most important Grammar points. Each unit starts by briefly introducing the new Grammar point and then students have to practise a variety of exercises. These books can also be used as time fillers; perfect for when teachers have some extra time at the end of a lesson, or want to revise a specific Grammar point. Levels B1, and B2 have also been written for students who are planning to take the IELTS exam. Although Grammar is not tested directly on the IELTS, it is tested indirectly in the speaking and writing sections of the exam. You can gain or lose points based on your command of English grammar. Therefore, it would help to undertake a general review of English grammar while preparing for the IELTS.

The bestselling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, The Blue Book of Grammar and Punctuation includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This updated 12th edition reflects the latest updates to English usage and grammar, and includes answers to all reproducible quizzes to facilitate self-assessment and learning. Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with even more quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, The Blue Book of Grammar and Punctuation offers comprehensive, straightforward instruction.

English File's unique, lively and enjoyable lessons are renowned for getting students talking. In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills.

English File's unique, lively and enjoyable lessons are renowned for getting students talking. In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills.

Corpus Linguistics for English Teachers: New Tools, Online Resources, and Classroom Activities describes Corpus Linguistics (CL) and its many relevant, creative, and engaging applications to language teaching and learning for teachers and practitioners in TESOL and ESL/EFL, and graduate students in applied linguistics. English language teachers, both novice and experienced, can benefit from the list of new tools, sample lessons, and resources as well as the introduction of topics and themes that connect CL constructs to established theories in language teaching and second language acquisition. Key topics discussed include: • CL and the teaching of English vocabulary, grammar, and spoken-written academic discourse; • new tools, online resources, and classroom activities; and • focus on the "English teacher as a corpus-based researcher." With ready-to-use teaching vignettes, tips and step-by-step guides, case studies with practitioner interviews, and discussion of corpora and corpus tools, Corpus Linguistics for English Teachers is a thoughtfully designed and skillfully executed resource, bridging theory with practice for anyone looking to understand and apply corpus-based tools dynamically in the language learning classroom.

Builds an understanding of grammar with a thorough step-by-step approach. Provides a systematic framework for introducing, practising and recording key vocabulary. There are frequent opportunities for self study to complement core learning andf increase student confidence. Provides students with reading for enjoyment and a wide range of texts.

Updated and revised with more examples and expanded discussions, this second edition continues the aim of providing teachers with a solid understanding of the use and function of grammatical structures in American English. The book avoids jargon and presents essential grammatical structures clearly and concisely. Dr. DeCapua approaches grammar from a descriptive rather than a prescriptive standpoint, discussing differences between formal and informal language, and spoken and written English. The text draws examples from a wide variety of authentic materials to illustrate grammatical concepts. The many activities throughout the book engage users in exploring the different elements of grammar and in considering how these elements work together to form meaning. Users are encouraged to tap into their own, often subconscious, knowledge of grammar to consciously apply their knowledge to their own varied teaching settings. The text also emphasizes the importance of understanding grammar from the perspective of English language learners, an approach that allows teachers to better appreciate the difficulties these learners face. Specific areas of difficulties for learners of English are highlighted throughout.
