In the Way of the SEAL, ex-Navy Commander Mark Divine reveals exercises, meditations and focusing techniques to train your mind for mental toughness, emotional resilience and uncanny intuition. Along the way you’ll reaffirm your ultimate purpose, define your most important goals, and take concrete steps to make them happen. A practical guide for businesspeople or anyone who wants to be an elite operator in life, this book will teach you how to: · Lead from the front, so that others will want to work for you · Practice front-sight focus, the radical ability to focus on one thing until victory is achieved · Think offense, all the time, to eradicate fear and indecisiveness · Smash the box and be an unconventional thinker so you’re never thrown off-guard by chaotic conditions · Access your intuition so you can make “hard right” decisions · Achieve twenty times more than you think you can · and much more Blending the tactics he learned from America’s elite forces with lessons from the Spartans, samurai, Apache scouts, and other great warrior traditions, Divine has distilled the fundamentals of success into eight powerful principles that will transform you into the leader you always knew you could be. Learn to think like a SEAL, and take charge of your destiny at work, home and in life.

Kokoro Yoga, by New York Times bestselling author and former U.S. Navy SEAL Mark Divine, is an integrated physical, mental, and spiritual training, designed initially for the nation’s elite special-ops soldiers and now taught to anyone seeking to develop the heart and mind of a warrior. Kokoro, the Japanese concept of warrior spirit—or merging heart and mind into action—is the central focus of Divine’s new approach to teaching yoga. Coach Divine’s yoga sequences are focused to adapt to all physical and mental capabilities, combining breathing, meditation, and visualization into both traditional poses as well as cross-training/combat-conditioning exercises. His decades of experience with amateur and professional athletes, active and aspiring Navy SEALs, and wounded warriors uniquely qualifies him as an expert motivator and teacher. With Kokoro Yoga the practitioner will: \* Get an unbeatable full-body workout through body-weight functional movements that can be done at home or on the on go \* Increase flexibility while building long, lean muscle mass \* Improve physical and mental balance, focus, and control at all levels—including a special segment designed for those recovering from PTSD \* Find emotional, intuitional, and spiritual harmony to achieve peak performance Coach Divine’s methods have been tested by the toughest warriors in the world. Use this book as a guide to experience the profound power of yoga as a developmental system that will allow you to break through any barriers holding you back.

Developed by a retired Navy SEAL Commander, this groundbreaking fitness regimen, providing in-depth philosophy and training on how to develop the character traits that go into making a Navy SEAL, shows how to get the best functional workout available with the least amount of equipment. Original,

A companion to the national bestseller, The Way of the Seal Journal gives readers the real-world tools they need to think like an elite warrior. Want to be tough? Cool under fire? In this practical companion to his national bestseller The Way of the SEAL, retired Navy SEAL Commander Mark Divine gives you the drills, exercises, and focus plans to train your mind for mental toughness, emotional resilience, and uncanny intuition. Along the way, you’ll reaffirm your ultimate purpose, define your most important goals, and take concrete steps to make them happen. Learn to think like a SEAL and take charge of your destiny at work, at home, and at life.

Do you have what it takes to succeed in any situation? According to a retired commander who ran training for Navy SEALs, true optimal performance goes beyond just skill. It’s all about THE ATTRIBUTES. “Diviney’s incredible book explains why some people thrive—even when things get hard.”—Charles Duhigg, New York Times bestselling author of The Power of Habit During his twenty years as a Navy officer and SEAL, Rich Diviney was intimately involved in a specialized SEAL selection process, which whittled a group of hundreds of extraordinary candidates down to a handful of the most elite performers. Diviney was often surprised by which candidates washed out and which succeeded. Some could have all the right skills and still fail, while others he might have initially dismissed would prove to be top performers. The seemingly objective criteria weren’t telling him what he most needed to know: Who would succeed in one of the world’s toughest military assignments? It is similarly hard to predict success in the real world. It happens often enough that underdog students accomplish exceptional achievements while highly skilled, motivated employees fail to meet expectations. Dark-horse companies pull away from the pack while dream teams flush with talent and capital go under. In working with and selecting top special operators for decades, Diviney saw that beneath obvious skills are hidden drivers of performance, surprising core attributes—including cunning, adaptability, courage, even narcissism—that determine how resilient or perseverant we are, how situationally aware and how conscientious. These attributes explain how we perform as individuals and as part of a team. The same methodology that Diviney used in the military can be applied by anyone in their personal and professional lives, and understanding these attributes can allow readers and their teams to perform optimally, at any time, in any situation. Diviney defines the core attributes in fresh and practical ways and shares stories from the military, business, sports, relationships, and even parenting to show how understanding your own attributes and those of the people around you can create optimal performance in all areas of your life.

This book will introduce to you some of the methods used by Navy SEALs to develop mental toughness and self-confidence. These techniques also apply to anyone who is interested in becoming more mentally tough, and who is willing to work toward achieving their specific personal and professional goals. Topics covered include: · Navy SEAL Training Overview - BUD/S and Hell Week: Lessons You Can Use! - Earning The Trident Every Day: How SEALs Sustain Excellence - SEAL Missions: An Inside Look At How SEALs Operate - The 23 SEAL Success Traits & Habits - Mental Toughness As Defined By The SEAL Community - The Limbic System & the Physiology of Fear - Seven Fear Suppressing Techniques Used By Navy SEALs - How To Develop A “Refuse to Lose” Mindset - The Process of Becoming Mentally Tough - Thoughts on Becoming An Extraordinary Person! This book can help you develop the same level of mental toughness and resilience that is common to members of this elite force. It is a compelling narrative with powerful insights that can help you achieve your goals!

A leadership book by former Navy SEAL and New York Times bestselling author Mark Divine, Staring Down the Wolf focuses on harnessing the principles of purpose and discipline in life to achieve success. What does it take to command a team of elite individuals? It requires a commitment to seven key principles: Courage, Trust, Respect, Growth, Excellence, Resiliency, and Alignment. All of these are present in an elite team which commits to them deeply in order to forge the character worthy of uncommon success. Retired Navy SEAL Commander, entrepreneur and New York Times bestselling author Mark Divine (founder of SEALFIT, NavySeal.com, and Unbeatable Mind) reveals what makes the culture of an elite team, and how to get your own team to commit to serve at an elite level. Using principles he learned on the battlefield, training SEALs, and in his own entrepreneurial and growth company ventures, Mark knows what it is to lead elite teams, and how easily the team can fail by breaching these commitments. Elite teams challenge themselves to step up everyday to do the uncommon. Developing the principles yourself and aligning your team around these commitments will allow you to thrive in VUCA (volatility, uncertainty, complexity, ambiguity) environments, no matter your background or leadership experience. Drawing from his twenty years leading SEALs, and twenty five years of success and failure in entrepreneurship and ten years coaching corporate clients, Mark Divine shares a very unique perspective that will allow you to unlock the tremendous power of your team. “Mark Divine has a gift for creating highly effective dynamic teams. Mark interleaves key aspects of leadership, mental toughness, resiliency and cultivating higher plains of existence into a foundational concept of being an authentic ‘Leader of leaders.’ This book is indispensable for anyone looking to lead, build and foster an elite culture.” -Mike Magaraci, retired Force Master Chief of Naval Special Warfare “From his time as a Commander in the SEAL Teams to building several successful multimillion dollar businesses, Mark Divine is an authority on building elite teams and leaders capable of tapping their fullest potential.”—David Goggins, Retired Navy SEAL, author of New York Times Bestseller Can’t Hurt Me “To grow to your fullest capacity in your life and as a leader, we need to challenge ourselves. There’s no one I know who’s challenged himself more than Mark Divine. He’s the perfect visionary to help get you out of your comfort zone and shattering the status quo.” -Joe De Sena, Founder and CEO of Spartan

Good leaders become great by skillfully managing their own vulnerabilities Leadership Blindspots: How Successful Leaders Identify and Overcome the Weaknesses That Matter is a comprehensive guide to recognizing and acting on the weak points that can impair effectiveness, diminish results, and harm a career. Written by a 30-year veteran of the leadership consulting industry and author of Trust in the Balance, the book contains examples, worksheets and surveys that illustrate the practical application of the advice presented. An online questionnaire helps readers discover their own leadership vulnerabilities, and the book provides a roadmap for creating a targeted plan to increase their awareness in the areas that truly matter. The blindspot risk is that leaders fail to respond to weaknesses or threats due to a variety of factors including the complexity of their organizations, over-confidence in their own capabilities, and being surrounded by deferential subordinates. Leadership Blindspots provides a useful model for understanding how blindspots operate and why they persist, but at the same time suggests real, actionable steps to improvement. The book details a range of techniques that make blindspots stand out in sharp relief, so action can be taken before severe damage occurs - to a leader or his or her company. Topics include: A framework to understand the threats posed by blindspots The four most important types of blindspots - self, team, company and markets Detailed case studies of blindspots in leaders across a variety of industries A summary of the most common leadership blindspots Corrective practices that help mitigate the risks that blindspots pose The one characteristic great leaders share is the constant desire for self-improvement. Good can always be better. These weaknesses and threats are called blindspots because they are invisible to the individual but have the potential to wreak havoc on one’s reputation and long-term success. Identifying and fixing crucial problems is the leader’s job, and sometimes the most debilitating problems are with the leaders themselves. Leadership Blindspots: How Successful Leaders Identify and Overcome the Weaknesses That Matter is the first step toward owning and addressing one’s vulnerabilities and, as a result, becoming a more effective leader.
